asoneV ad ecnirP – Prince da Venosa

Esta obra es un homenaje al compositor veneciano del renacimiento Carlo Gesualdo. Esta basada en una pieza de este artista denominada “Moro Lasso” perteneciente a su VI libro de Madrigales. He querido extraer el contenido poético del texto y plasmarlo en una obra contemporánea donde el resultado sonoro emane del clima de las palabras y frases de la obra original.

Para lograr dicho objetivo he extraído el total de contenido lineal/armónico de la obra de Gesualdo asignándole, a cada nota, un nuevo valor rítmico que es un derivado del original por medio de diferentes porcentajes que a su vez han sido readaptados utilizando como parámetro para esto el resultado sonoro. Las voces originales han sido suplantadas por instrumentos de cuerda correspondientes en tesitura.

La línea de la voz “Soprano I” ha sido mantenida en notas, ritmo e instrumento con el fin de exponer explícitamente el contenido del texto y una línea de la obra del compositor veneciano. Las otras voces, como ha sido explicado anteriormente, presentan exactamente el contenido lineal de notas del original pero con otro ritmo lo que da como resultado una nube sonora que mantiene el “aura” de la obra original.

Se ha agregado un quinteto de viento maderas con el objetivo de engrosar el resultado textural de la nube sonora. Dicho ensamble realiza la obra en retrogradación de la expuesta por los instrumentos de cuerda manteniendo, nuevamente, las tesituras correspondientes entre cada uno de ellos.
